2015 Road Safety & Simulation International Conference
Orlando, Florida, USA

Save the Date: October 6-8, 2015
The University of Central Florida (UCF) and the University of Tennessee, Knoxville (UTK) are pleased to host the 2015 Road Safety & Simulation International Conference.

The RSS series showcases advancements in traffic simulation and driving simulator technologies, introducing new initiatives and concepts that have emerged since the first RSS conference in Rome, Italy in 2007. Under the auspices of the Southeastern Transportation Center, three world-class research centers will support the conference: Center for Advanced Transportation Systems Simulation, and the Institute for Simulation and Training at UCF; and UTK’s Center for Transportation Research. These centers conduct sponsored research in driving simulators, traffic simulation, traffic safety, commercial vehicle operations, Intelligent Transportation Systems deployment, and congestion pricing; human factors; and comprehensive transportation safety, including surface modes, rail, and bicycle and pedestrian issues.

**Conference Topics**

- Driving simulation
- Naturalistic driving
- Big Data
- Roadway design
- Human factors
- Surrogate measures of safety
- Safety modeling
- Crash causality
- Crash Modification Factors
- Traffic micro simulation
- Highway engineering projects
- Emerging technologies
- New research methods
- Safety fundamentals
- Vehicle automation

**Procedings**

A conference proceeding will be developed from the presented papers at the conference. Selected papers that are refereed by technical experts in the field will be invited to be published in reputable journals such as Journal of Accident Analysis and Prevention, Journal of Transportation Safety & Security, and Journal of ITS.

**Call for Abstracts**

Conference organizers will call for abstracts Summer of 2014. Abstracts must be original and neither published nor presented at any other meeting prior to the Road Safety and Simulation 2015 Conference. Authors must indicate which conference topic(s) their paper will address. Abstracts will be peer-reviewed by at least two experts.

**2015 Technical & Scientific Committee**

- Mohamed Abdel-Aty (University of Central Florida)
- Andrea Benedetto (Roma Tre University)
- Linda Boyle (University of Washington)
- Susan Chrysler (NADS, University of Iowa)
- Don Fisher (University of Massachusetts)
- Michael Hunter (Georgia Institute of Technology)
- Matthew Karlaftis (Nat’l Technical Univ. of Athens)
- Asad Khattak (University of Tennessee, Knoxville)
- Mike Knodler (University of Massachusetts)
- John Lee (University of Wisconsin Madison)
- John Milton (Washington State DOT)
- David Noyce (University of Wisconsin Madison)
- Ron Tarr (University of Central Florida)
- Andrew Tarko (Purdue University)
- Didier Valdez Diaz (University of Puerto Rico)
- David Yang (Federal Highway Administration)

**RSS Conferences Permanent Steering Committee**

- Andrea Benedetto (Roma Tre University, Italy)
- Elias Choueiri (LAPS, USA)
- Stéphane Espié (IFSTTAR, France)
- Matthew Karlaftis (Nat’l Tech. Univ. Athens, Greece)
- Essam Radwan (University of Central Florida, USA)
- Åse Svensson (Lund University, Sweden)
- Nikiforos Stamatiadis (University of Kentucky, USA)
- Andrew Tarko (Purdue University, USA)

**2015 Organizing Committee**

- DeAnna Flinchum (University of Tennessee, Knoxville)
- Lissa Gay (University of Tennessee, Knoxville)
- Jenny Jones (University of Tennessee, Knoxville)
- Martin Malpica (University of Central Florida)
- Essam Radwan (University of Central Florida)
- Steve Richards (University of Tennessee, Knoxville)

**Sponsorship**

RSS 2015 will soon offer companies the opportunity to gain visibility and showcase their products and services during the conference.

**Contact RSS2015**

Please email Essam Radwan, essam.radwan@ucf.edu, for conference and sponsorship information, and request to be added to the RSS2015 email list.
